## ABSTRACT

This report provides detailed information on ancillary enterprises at provincially assisted universities and affiliated and federated colleges in Ontario (Canada) for the fiscal year ending 30 April 1998. Such enterprises include school stores (including bookstores), food services, residences, conferences, parking, publishing, and other operations. The report provides tables of income and losses by universities and by affiliated and federated colleges that include detailed breakdowns of revenues, costs of sales/services, direct expenses, equipment and capital costs, overhead costs, subsidies, allocation to reserves, net income (loss), and accumulated surplus (deficit). There is a separate table of descriptive data arranged by service and by school. (MDM)

**ANCILLARY ENTERPRISES  
FINANCIAL REPORT OF ONTARIO UNIVERSITIES  
FOR THE FISCAL YEAR ENDED 30 APRIL 1998**

This Ancillary Enterprises volume has been compiled from submissions prepared by each of the provincially-assisted universities and federated and affiliated colleges and submitted to the Council of Finance Officers - Universities of Ontario. This volume provides detailed information on ancillary enterprises to COFO-UO members, government officials, and other users of the *Financial Report of Ontario Universities 1997-98*. That information is consistent with the Guidelines published in Volume I and with the broader measures of financial activity reported in Volumes I and II and in the Supplementary Volume.

It should be noted that, for the purposes of reporting to COFO-UO, ancillary enterprises do not exist at McMaster Divinity College, Queen's Theological College, Regis College, or Waterloo Lutheran Seminary and there is no reference to any of these institutions in the Ancillary Enterprises volume.

The information in this Ancillary Enterprises volume provides further details concerning sources of revenue and objects of expense as reported for various ancillary enterprise operations. Those operations include an institution's retail stores (including the bookstore), food services, residences, conferences, parking, publishing, and other ancillary enterprises. This volume also includes data which describe, in some detail, the nature and extent of each ancillary operation at each institution.

### **GENERAL CAVEAT**

CERTAIN OF THE SUMMARY DATA IN THIS REPORT ARE SUBJECT TO INTERPRETATION OR CLARIFICATION BECAUSE OF INHERENT DIFFERENCES AMONG INSTITUTIONS IN ACADEMIC PROGRAMMES, ORGANIZATION, PHYSICAL ENVIRONMENT, MANAGEMENT PHILOSOPHY AND BUDGETARY AND ACCOUNTING PROCEDURES.

# GUIDELINES

## ANCILLARY ENTERPRISES TABLES

The institutional Ancillary Enterprises Statement of Income (Loss) is utilized to collect information which is not published in Volumes I and II of the *Financial Report of Ontario Universities*.

Ancillary Enterprise operations reflect services provided as supplementary to the primary function of instruction and research. Although an integral part of the institution's total operations, they are reported separately.

Ancillary operations are typically provided on a "fee for service" basis and include revenues and expenses of "sales producing", non-teaching areas, such as the bookstore, food services, residences, parking, university press/publishing, property rentals, university facility rentals, theatres and conference centres.

### **I ANCILLARY ENTERPRISES STATEMENT OF INCOME (LOSS) DESCRIPTION OF REVENUE AND EXPENSES ACCOUNTS**

The following is a description of the various revenue and expense accounts shown on the Ancillary Enterprises Statement of Income (Loss). The institutional Summary of Ancillary Enterprises Statement of Income (Loss) is a summary version of the institutional Ancillary Enterprises Statement of Income (Loss).

When allocating income or expenses to a particular functional area, income and expenses should be reported within the same function.

#### **A. Revenue**

1. **Sales of Services and Products** - Primary cash revenue of the operation received to provide a service. This account excludes fees (e.g. residence fees). It includes cash, credit card charges, cheques, departmental and individual charges. Examples are catering sales, alcohol sales, book sales, conference group revenue.
2. **Fees** - These fees are university approved and are uniformly charged for the provision of a service. Examples are parking permits, residence fees, meal plan fees.
3. **Miscellaneous** - Income or revenue earned beyond the provision of the service. It is considered secondary to the primary service. Examples are laundry money in a residence or flower shop revenue in a bookstore.

4. **Investment Income** - Income derived from the investment of accumulated surpluses or other funds of the ancillary. Interest earned from the university on an accumulated surplus is an example.
5. **Government Funding** - Derived from a government agency or source for either operations or capital. Grants to build residences. MET funds are an example.
6. **Donations, Non-Government Grants and Contracts** - includes donations, gifts-in-kind, non-government grants and contracts received from individuals, companies, foundations, charitable institutions, associations, and societies.

## **B. Cost of Sales/Services**

1. **Wages** - Labour charges directly associated with the operation of the ancillary. Includes caretaking staff, food service workers, sales staff.
2. **Contractor Fees** - Fees charged by a contractor to provide services directly related to the operation. Can include royalties or franchise fees. An example would be caterers' costs to operate a food service.
3. **Salaries** - Salaries directly related to the operation. Includes managers, supervisors, administrative staff as well as Residence Assistants, Deans of Residence, Dons, etc.
4. **Benefits** - Benefits associated with wages and salaries.
5. **Products/Provisions** - Direct cost of products or provisions. Costs correlate to the primary revenue, fees or miscellaneous revenue. Can also include packaging. Examples are purchase of food, alcohol, plastic and paper.
6. **Other (supplies, smallwares, laundry, uniforms, etc.)** - Includes all other items which directly relate to the production of the sale or service. Examples are cleaning supplies, laundry cost for uniforms or linens.
7. **Cost of sales for internal sales** - These costs should be equal to Sales of Services and Products - Internal. If a profit is realized on internal sales, that profit should be reported as miscellaneous income.

## **C. Direct Expenses**

1. **Utilities** - Light, heat, power, telephone equipment and water costs.
2. **Rental or Space Costs** - Costs paid to the university or a landlord for space occupied by the ancillary operation. This is particularly used for retail space, food outlets, bookstores.
3. **Insurance** - As directly charged to the ancillary.

4. **Garbage** - Includes recycling.
5. **Grounds Costs** - These charges are for outside grounds work if charged separately to the ancillary. It can include grass cutting, snow removal, etc. This may apply more to residences and parking than to the other ancillary operations. These services may also be contracted out.
6. **Marketing and Promotion** - This account includes advertising budgets as well.
7. **Professional Fees** - Includes training courses, professional development, legal fees, audit fees.
8. **Taxes (if applicable)** - For ancillary operations which may attract any municipal or realty taxes.
9. **Telephone** - includes long distance.
10. **Other (travel, etc.)** - All other direct costs except maintenance and overheads.

## **D. Equipment and Capital Costs**

1. **Maintenance**
  - (a) **Furniture and Equipment** - includes maintenance of equipment and furniture and computer hardware. These repairs could be performed by university personnel or outside contractors.
  - (b) **Maintenance - Other** - This category includes daily annual maintenance such as plumbing and electrical repairs. These repairs could be performed by the university trades or outside contractors.
2. **Renovations and Alterations** - This object includes all expenses for renovations and alterations to existing university space. If externally contracted, these expenses are to be reported under this object and not as "Externally Contracted Services". If internally performed, the total costs including labour and materials should both be reported in this object.
3. **Equipment and Furniture Purchases, Rental and Leasing** - This is the cost of equipment and furniture directly expensed where a university is not reporting on a depreciation accounting basis for ancillaries. All universities are encouraged to report on a depreciation basis where possible. Examples are beds, shelving, computers.
4. **Allocation to Reserves (if applicable)** - Some ancillary operations expense a percentage yearly for maintenance, capital projects and equipment and furniture replacement. This is usually calculated as a percentage or a formula. If the difference between the actual spent in the other equipment and capital accounts and the calculation for the reserve is expensed, this account is used.
5. **Depreciation** - Used to record the depreciation relating to those equipment, furniture and other items capitalized.

6. **Principal & Interest, Building Lease Costs** - This applies to principal and interest on mortgages on buildings. It can also include the leasing costs for a building if the lease is similar in nature to a mortgage.
7. **Land and Site Services** - this object is to include acquisition costs, land improvements and site preparation, including landscaping, sewers and road. Also include fees and planning costs relative to the direct expenses.
8. **Buildings** - all expenses which are normally considered part of the construction costs are to be included. Where applicable, furniture and equipment and site services are to be segregated from the total contract for inclusion in their specific objects of expenses. Include all fees and planning costs associated or directly attributable to this object as well as any costs such as utilities incurred during construction.

## **E. Overhead Costs**

1. **Finance Costs:**
  - (a) **External** - finance charges levied by outside organizations for other than mortgage costs (see D.6. above).
  - (b) **Internal** - Finance charges are charged by the university for deficits, overdue accounts, inventory carrying costs or any other like functions.
2. **Central University Overheads - Internal Cost Allocation** - These expenses are charged by the university to the ancillary operations for the central offices. This might include charges for the Comptroller's Office, Human Resources, etc.
3. **Contribution to University's Operating Budget** - This account is an amount other than those previously mentioned and is considered as a contribution to the operating budget. The figure may be decided by profits, a set amount or a formula. It is normally treated as an interfund transfer.
4. **Ancillary Overheads** - If the ancillary is overseen by a central ancillary department, then the charges applicable to the particular operation are allocated here. For example, the Director of Ancillary Operations and staff from that office would apply. The costs related to the Managers or Director of a particular ancillary (e. g. Director of the Bookstore) would not be part of this expense. These costs would be recorded in the cost of Sales and Services section of the appropriate ancillary.

## **F. Subsidies**

All the revenues and expenses should be shown in gross dollars. Subsidies received, whether direct or indirect from the operating budget or a special fee, should be shown separately and not combined with the other revenue or expense accounts.

## **G. Allocation to Reserves**

Some universities allocate reserves as described under the Equipment and Capital Costs section. Others commit to reserves for maintenance, equipment, furniture and major capital projects at the net position, after revenue and expenses. This section is for those who allocate in this fashion. Some universities may even allocate a percentage yearly as in the Equipment and Capital Costs section and also commit a balance after the net position of the ancillary. If so, then both sections may have an amount recorded.

## **H. Accumulated Surplus**

Accumulated total of all surplus and/or deficits generated by the unit to date.

## **I. Accumulated Reserve Balance**

Accumulated total to date of all board established reserves for a given operating unit(s).

## **II DESCRIPTION OF EACH ANCILLARY**

Not all universities will have an ancillary operation for each of the following:

- Bookstores** all trade, textbooks, stationery, computer sales.
- Retail Store** insignia wear, gifts, convenience stores, drug store, Canada Post, and all other commercial enterprises.
- Food** meal plans whether mandatory or not, cash sales, catering sales, vending, franchises. Includes all food sales in both the winter and summer operations.
- Beverages** monitoring, education and sale of alcoholic beverages, including bar operations.
- Residences** accommodation such as dormitories, townhouses, apartments, houses, etc. operated by the university as student residences. Exclude conference operations.
- Conferences** groups or transients which stay for a short term duration usually in the summer.
- Parking** includes all functions related to the operation of parking facilities.
- Printing** press, copiers printing and graphic services operations.
- Other** include any ancillary not mentioned. Please name the types of operation. Examples could be theatre operations, stadiums.
